WHO WE ARE

About Wabsar

Wabsar is a technology Company building digital products and solutions that solve real problems, from AI to automation, from consumer tools to business systems.

**Eliminate repetitive work. Reduce operational costs.
Scale faster with AI.**

WABSAR

A stylized illustration of a person standing on a mountain peak, symbolizing achievement and vision. The background features layered, wavy mountain ranges in shades of blue and grey, creating a sense of depth and scale. The person is a small silhouette on a prominent peak, looking out over the landscape.

**Bigger ideas.
A brighter tomorrow.**

DIRECTION

Vision & mission

OUR VISION

A world where every big idea has the technology to become real impact.

We believe the distance between an idea and its impact should be short. Wabsar exists to shorten it.

OUR MISSION

To build digital products and AI solutions that solve real problems.

We help businesses eliminate repetitive work, reduce costs and scale faster, with solutions built around how they operate.

Work should not feel **this heavy**

Problems we see

1

Repetitive manual work

Hours lost to tasks a system could handle.

2

Rising operational costs

Effort and spend that do not scale.

3

Tools that do not connect

Scattered apps and slow handoffs.

How Wabsar helps

1

Automate the routine

Workflows built with n8n and ChatGPT. and more

2

Reduce cost and effort

Systems designed around how you operate.

3

Scale faster with AI

Custom solutions, deployed end to end.

WHAT WE BUILD

Our capabilities

01

AI & Automation

AI strategy, n8n and ChatGPT workflows, chatbots and custom agents.

02

SaaS Product Development

From idea to a live, subscription-ready product.

03

E-commerce

Stores and multi-vendor marketplaces with payments and shipping.

04

Website Development

Fast, modern, SEO-ready business websites.

05

Custom Business Solutions

Internal tools and portals around your exact process.

06

Photography & Creative

Product shoots, banners, posters and image editing.

07

Business Growth Hub

Presentations, brochures, branding and digital setup.

**One partner.
End to end.**

WHERE IT APPLIES

Direct ordering, menus and food photography

07

Manufacturing & Distribution

B2B portals, inventory and dealer tools

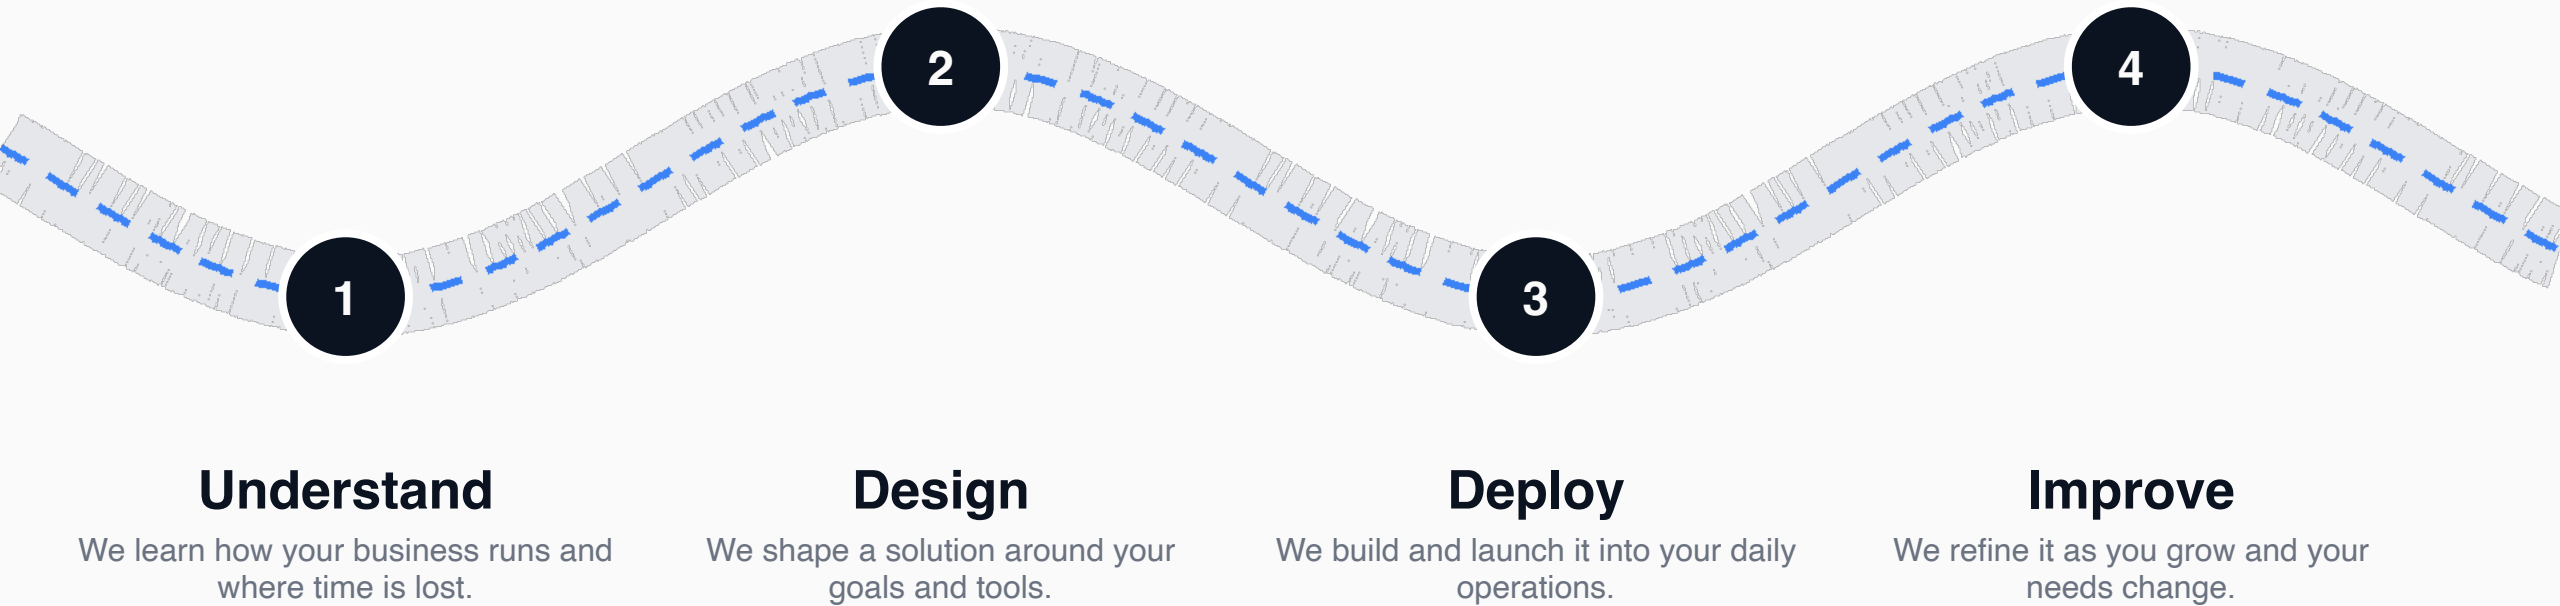

08

Professional Services

Client portals, proposals and onboarding automation

HOW WE WORK

From idea to **impact**

Technology. People. Purpose.

1

Technology

AI and automation applied where they remove real friction, not added for show.

2

People

Solutions shaped around the way your team actually works every day.

3

Purpose

Digital products and systems built to solve real problems and create impact.

FOR CLIENTS

Working with Wabsar

1

End to end

Strategy, design, build, launch and support with one team.

2

Tailored, not templated

Every solution starts from how you actually operate.

3

One point of contact

One partner for AI, software, e-commerce, websites and creative.

4

Training and support

Your team is set up to use what we build.

HOW TO START

01

Share your challenge

Tell us what slows your business down.

02

Get a scoped plan

We propose a solution built around your process.

03

We build and launch

Delivered, deployed and supported.

FOR PARTNERS

Grow together

1

Referral partners

Introduce businesses that need AI, software or e-commerce help and work with us on the engagement.

2

Delivery partners

Collaborate on projects where our build capacity and your client relationship meet.

3

Technology partners

Integrate your tools and platforms into the automation and software we build.

4

Creative partners

Team up on photography, video and brand work for online sellers and growing brands.

Partnership terms are discussed case by case. wabsarconsultancy@gmail.com

FOR STAKEHOLDERS

Where we are **focused**

Focus

AI and automation, SaaS products, e-commerce, websites, custom business systems and creative production for online sellers.

Approach

Tailored solutions delivered end to end, from strategy through launch and support, shaped around how each client operates.

Direction

Make advanced technology practical for businesses of every size, so big ideas become real impact.
